The screenshot displays the Azure DevOps web interface. The top navigation bar shows the breadcrumb path: **aszkora / Bootcamp / Pipelines / Releases / Release to PCF / Release-5**. The left sidebar contains the navigation menu with options: **Overview**, **Boards**, **Repos**, **Pipelines** (selected), **Environments**, **Releases**, **Library**, **Task groups**, **Deployment groups**, **Test Plans**, and **Artifacts**. The main content area is titled **Release to PCF > Release-5** and includes tabs for **Pipeline**, **Variables**, and **History**. The **Pipeline** tab is active, showing a **Release** section with a **Manually triggered** event by **Attila Szikora** on **7/26/2020, 6:06 PM**. Below this, the **Artifacts** section lists **_Bootcamp-CI** with version **6** and branch **master**. The **Stages** section shows a single stage named **Deploy to PCF** with a **Succeeded** status, completed on **7/26/2020, 6:07 PM**. The bottom of the interface shows a **Project settings** link.
